

Invitation

We are happy to welcome colleges and partners
to the 10-year anniversary symposium for
Department of Neurorehabilitation, TBI Unit,
Glostrup Hospital, October 7th and 8th 2010

By October our neurorehabilitation facility has existed for 10 years and we wish to celebrate the event with friends and colleges. At the symposium we want to present some of the research and development that have taken place over the past decade and put it in an international context.

The conference will focus on the interdisciplinary approach to research and development in rehabilitation with particular reference to the most severely affected patients with acquired traumatic brain injury and their relatives.

The participants of the symposium are all kinds of health care professionals engaged in rehabilitation of patients with acquired brain injury. Presenters will be

invited experts within the field of neurorehabilitation following TBI. Furthermore, we encourage presenters to submit their work for oral or poster presentation.

Venue: The conference will be held at Auditorium 1, in the Education Building, located at the right hand side of the main entrance of Hvidovre Hospital, Kettegård Allé 30, DK: 2650 Hvidovre.

Abstracts: We encourage all professionals to submit abstracts to be presented at the symposium:

- An oral presentation (15 minutes presentation and 5 minutes for discussion Q and As)
- A poster (photographs/art work and brief explanatory text)

Abstracts submission is open from 1. May 2010 to 1. September 2010.

See instruction on our homepage:

<http://www.hvidovrehospital.dk/menu/Afdelinger/Afdeling+for+Højt+Specialiseret+Neurorehabilitering+Traumatisk+Hjerneskode/10+years+Anniversary+Conference+2010/>

Registration: Please fill in the registration form on our homepage (depicted above).

Deadline: September 15th 2010.

Conference fee: DKK 1000 (Euro 134). Fee includes breakfasts, lunches, coffee and conference dinner (October 7th 2010).
